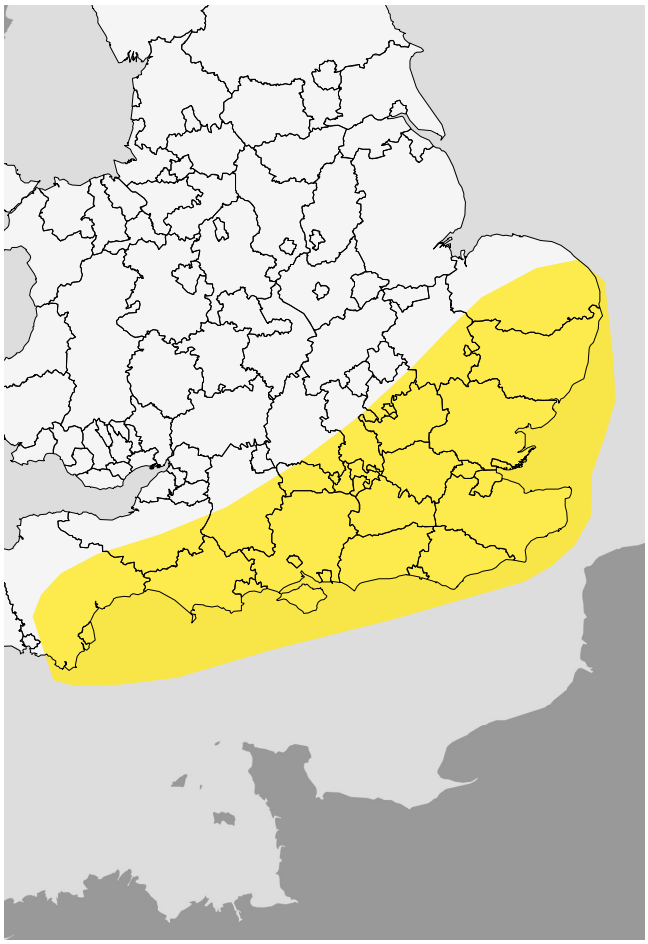
Yellow warning
Thunderstorm

Between
05:00 Sun 25 Jul 2021 and
23:59 Sun 25 Jul 2021



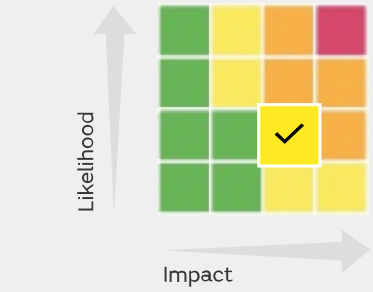
Heavy showers and thunderstorms may lead to flooding and transport disruption in places today.

What to expect

- Spray and sudden flooding could lead to difficult driving conditions and some road closures
- Where flooding or lightning strikes occur, there is a chance of delays and some cancellations to train and bus services
- Flooding of homes and businesses could happen quickly, with damage to some buildings from floodwater, lightning strikes, hail or strong winds
- Power cuts might occur and other services to some homes and businesses could be lost

Further details

After early rainfall over southeastern England, showers and thunderstorms are likely to develop more widely during the afternoon. The focus of torrential downpours will probably be over parts of East Anglia and southeastern England and, perhaps, more locally across some southern coastal counties further west. Hail, gusty winds and lightning may prove additional hazards. Some areas, particularly in the west, may largely avoid the heaviest showers.



Low likelihood of medium impacts
